

16" Black Bahia Buffalo Drum #Buffalodrum16

16" Black Bahia Buffalo Drum #buffalodrum16

This drums deep, low and sustaining tone is reminiscent of drum sounds from different cultural music from around the world.

Though the design looks similar to a Native American drum, it is actually a modernized instrument that uses synthetic materials. This manufactured design helps the drum stay in tune under a wide range of weather and temperature conditions. Although it's not made from traditional materials the design can produce the tonal qualities of a traditional wood shell and skin drum head.

It comes with the mallet shown in the picture.

The drum is 16" x 3.5" and weighs 2.2lbs.

Drums: 16" Black Bahia Buffalo Drum #Buffalodrum16

*The sub-level bass of this drum is not produced well on light speakers. Use headphones or sub-level speakers for an accurate soundfile.
